

FLASH INFO

FROM 4 SEPTEMBER TO 23 JANUARY 2024 ZONE 5 - SECTOR 1 - ROADWORKS BOULEVARD DU MIDI

Between 4 September and 23 January 2024, roadworks will be carried out to reinforce and improve the safety of the Boulevard du Midi between the Chemin du Gord roundabout and the Quai de France roundabout.

The roadworks consist of reinforcing the existing roadway structures, modernising the surface of the traffic lanes, improving the rainwater drainage system / traffic lights and improving bus stop safety.

Traffic restrictions will be introduced to facilitate these roadworks. These restrictions do not apply to the roadworks on the Chemin du Gord roundabout, which are part of sector 4 works.

Traffic will be restricted to one lane in each direction instead of the existing two lanes, both during the day and at night. The lane open for each direction of traffic will be modified as the roadworks progress.
